

KEEEN

F-RD-02-01

(2 years store destroyed by digestion)

KEEEN-NO.040-02-13-JAN-14

PRODUCT DATA SHEET

BIO SANITIZER

PRODUCT INFORMATION :

- Synergistic blend of selected non-pathogenic microbes with non-toxic formulation of biological activators, which digest hydrocarbon, oil and grease and organic molecule
- Neutral pH, non-corrosive, non-hazardous
- Degrade and digest organic waste material
- Reduce dramatically the pollutant load of toilet effluents that are ultimately discharged to the drainage system
- Clean and deodorize toilet urinal or drainage system
- Keep drains free-flowing and will not damage pipes, drain lines or septic tank
- Reduce BOD/COD/SS/FOG of wastewater prior to release into public wastewater system
- Enhance the efficiency of wastewater treatment

DIRECTIONS :

1. Pump out the septic tank prior to starting the initial treatment
2. Prime the septic tank by adding 1 liter of KEEEN bio sanitizer directly in the floor drain that goes into the septic tank
3. Daily dosage with Automatic urinal drip at a minimum of 500ml. per day, depending on the number of urinals and the amount of service
4. For best results, recommend to apply KEEEN surface cleaner F.O.G digester used in the mop bucket by adding 1:100 ratio to the water to mop floors. After mopping, pour the remaining contents of the mop bucket down the floor drain to treat the drain line and the septic tank.

CAUTION : KEEP OUT OF REACH OF CHILDREN. Do not take internally. Avoid contact with eyes. Wash thoroughly after handling. Avoid breathing mist. May irritate eyes or respiratory system. Use with adequate ventilation.
